

Junior Business Analyst (part-time working student)

Your tasks:

- You are responsible for the analysis and preparation of various business opportunities
- You support the structured acquisition of new clients and the management of existing clients
- You work on projects, be responsible for small projects independently and take on various commercial tasks

You develop your enthusiasm for the in-depth analysis of economic facts. You are characterized by your initiative and customer-oriented attitude as well as your motivation and the ability to grasp facts quickly. You have a networked way of thinking and are an independent, proactive, and flexible personality. In hectic situations, you keep a cool head and act in a solution and customer-oriented manner.

Your individuality complemented by the following skills makes you our new team member:

- Economics or law studies in a higher semester
- Availability on at least two to three days per week
- Internships already completed
- Excellent knowledge of Swiss-German, German and English, both spoken and written, additional language skills are an advantage
- Very good knowledge of MS-Office 2016/365

Your future with us:

If you like working for us and we find that you fit well into our team, there is also the possibility of a full-time job.

We offer:

- Strongly growing company
- Experienced and helpful team
- Great variety of tasks and responsibility
- Further training opportunities
- Flexible working hours
